RESPONSE TO NOTICE TO FILE MISSING  
PARTS OF NONPROVISIONAL APPLICATION

Assistant Commissioner of Patents  
Washington, D.C. 20231

Sir:

This is in response to the notice to file missing parts of nonprovisional application, the period for response to which is set to expire on April 28, 2002. The following items are submitted in response to the notice:

- a signed oath or declaration;
- an English translation of the specification accompanied by a signed statement by the translator which certifies that the translation is accurate;
- the late filing fee or oath or declaration surcharge as set forth in 37 C.F.R. § 1.16(l) of \$65 for a small entity;
- the \$130 fee set forth in 37 C.F.R. § 1.17(i) for processing a nonprovisional application filed with a specification in a language other than English;
- payment of \$42 for one independent claim in excess of 3; and
- substitute drawings which are required because the originally filed drawings contained text that is not in English.

Serial No.

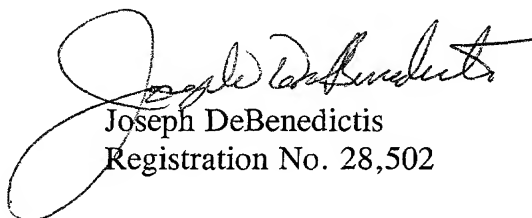

The notice indicates that the U.S. Patent Office was unable to determine the number of claims filed with the application because the specification was filed in a language other than English. It has now been determined that the application was filed with 17 claims, 4 of which are independent claims. It is believed that an additional fee of \$42 is required to pay for 1 independent claim in excess of 3. Accordingly, the payment which accompanies this response includes payment for 1 extra independent claim. The Commissioner is authorized to credit any overpayment and charge any deficiency in any fees in connection with this submission to Deposit Account No. 02-0200.

As noted above, the required substitute drawings are submitted herewith. The substitute drawings are attached to the English translation of the specification.

Also submitted herewith is a copy of the notice to file missing parts.

Respectfully submitted,

Date: April 9, 2002
